

## *Disclosures*

### **NOTICE OF POLICY REGARDING ADVANCED DIRECTIVES:**

I understand that the physicians and staff at Findlay Surgery Center respect my rights to participate in decisions regarding my healthcare. In the event of an emergency/need resuscitation, the physician will evaluate each patient's condition on an individual basis and decisions will be made on the patient's condition as well as his/her advanced directives.

If a patient should provide his/her advance directive, a copy will be placed on the patient's medical record and transferred with the patient should a hospital transfer be ordered by his/her physician

At all times the patient or his/her representative will be able to obtain any information they need to give informed consent before any treatment or procedure.

In order to assure that the community is served by this facility, information concerning advance directives is available at the facility. While the state of Ohio does not have a required specific form for an advanced directives sample forms are available at the Center's office. To obtain this form and information, please call (419) 429-0409

### **PRIVACY POLICY:**

Findlay Surgery Center is dedicated to preserving the privacy of your personal information. The Findlay Surgery Center Privacy Policy guides our use of your health information.

Findlay Surgery Center uses your health information only:

- To provide medical care and services to you
- To collect payment for health services from third parties
- To an authorized friend or family member involved in your medical care when required to do so by federal, state or local law
- To conduct health oversight activities for Workers' Compensation upon your authorization
